Ref. No: COE/AC/1

**SUSPENSION OF ACADEMIC ACTIVITIES AT
REGIONAL LEARNING CENTRES**

In light of the closure of the University, and in line with directives aimed at curtailing the spread of COVID-19 infections, I write on behalf of management of the College of Education to reiterate that all academic activities at Regional Learning Centres have been suspended until further notice.

There will therefore for now, be no face to face tutorials for Distance Education students, and no lectures for students on the Mature Access programme.

In the meantime, Distance Education students are encouraged to continue engaging with their Tutors online using the Sakai Learning Management System, while students on the Mature Access programme should continue studying using the material already supplied to them.

We thank all students for your understanding, and look forward to continuing to engage with you.

Yours sincerely,

Emelia Agyei-Mensah (Mrs.)
College Secretary
